EXPLORE THE MALL

- In June 1335, a young man of just 21 years set out to explore the world. His journey spanned 24 years and six different lands - Tunisia, Egypt, Persia, India, China and Andalusia.
- Along the way, he survived storms and pirates, served as a judge and scholar, dined with nobles and commoners.
- This extraordinary adventurer was Ibn Battuta. His life and travels are an inspiration to us. Visit us https://www.ibnbattutamall.com
